IN TALK IN ACTION

"Train up a child in the way he should go: and when he is old, he will not depart from it." (PROVERBS 22:6)

When you start-up a child in the right direction and empower him/her to do what is right from an early age, it is very unlikely that he/she will be influenced by external factors.

We are always complaining of a rotten society, crimes, corruption, drug abuse, school drop-outs and the list is endless. Time has come for us to put actions in to our words. Let us teach our young ones values that will be inherited from generation to generation. Welcome to In Talk In Action where We Engage, Nurture and Empower.
